

# PORTABLE AIR CONDITIONING

## BLIZZARD

The Blizzard is one of the most powerful hose type units in the market, delivering 25,000 Btu/hr whilst still working off a 13 amp supply.

Built in Italy the Blizzard is manufactured using the most up to date materials and designed to work with up to 9 metres of exhaust ducting. Simple in operation the Blizzard is suitable for computer rooms, open plan offices, factories and any application where large amounts of cooling is required. Some of the other features include a 15 litre water container for extra continuous use, water tank full indicator, low and high pressure warning indicators. At 55dba the Blizzard is one of the quietest spot coolers in the market place.

### Product Description:

- Large spot cooler
- 2 Speed fan motor
- Works with up to 9m exhaust hose
- 15 Litre water container
- Thermostatically controlled
- Low and high pressure switch
- Easy installation, only requires 13amp plug

### Other Data:

- Cooling Capacity: 7.3kW/25000Btu/hr
- Weight: 85kg
- H x W x D: 125 x 50 x 62cm
- Suitable Area: 60m<sup>2</sup>
- Operating Range: 15 - 35°C
- Noise Rating: 55dba
- Line Length: 3m (+ additional 6m)
- Line Diameter: 305mm
- Tank Capacity (L): 15
- Current (A): 12
- Power (W): 2500
- Voltage (V): 240
